Mr. Richard McCulley
P.O. Box #134
New Sharon, IA 50207

Dear Richard:

Approximately 10 years ago, you came to the office and expressed some interest in learning about your younger siblings who were placed through the agency. Recently, I was contacted by a grandparent who wanted to know if we had ever had any contact from your children. I indicated that if you were willing, I'd be happy to share information between the two of you since you had expressed some interest on your own to learn about your background.

Please contact my office and identify yourself so that I could discuss the situation with you and proceed according to your wishes.

Sincerely,

Tom Lazio
Executive Director
